Note on the syllabus

1. Many Sabbath Schools will have combined classes. In that case, the Syllabus for these can be alternated over two years.

2. Some Sabbath Schools may not be in session during the Holiday periods. In that case, either these weeks will be omitted or you follow the Scheme per week and then omit the last weeks.

3. The numbers in the older classes often decrease, so that is why the two classes, Grade 6 and Grade 7 are combined. But if you want them as separate classes, you can expand the time devoted to the Lessons listed, so as to have Questions answered and more Readings by pupils. This will enable the Syllabus to cover two years rather than one year.

OR

If the Syllabus is covered in one year, then the Grade 6 proceeding to Grade 7 can still go back to the same Syllabus, as there are so many topics covered that they can afford to be repeated.

MEMORY WORK: Scripture verses.

These can be chosen from the lists of verses (formerly used in some Sabbath Schools) if you want to have the classes learning the same verse. That is why the lists alternate over 7 years.

OR

You can select from verses given in the Line upon Line Books from which the Lessons are taken.
